

CC120-B Standard
ColorViewer Station(Color Light Box)

- Comply with ISO3664 international standard, CC120-B has three modes option (single or double or triple light sources).
- Use with high color-rendering index lamps, and with timer for the using time of lamp on display screen.
- CC120-B is fine made with metal material, large size and good work manship, easy to use.
- Equipped with frequently-used light sources in printing industry, can meet the needs of ISO3664:2009.
- CC120-B is widely used in printing shop and sampling centers.
- It also can check reflection file, and be used in the industry of offset print, flexography, gravure

As a production enterprise with business license
Shenzhen Tilo Technology Co.,Ltd was established in 1998

Shenzhen Tilo Technology Co., Ltd.

PRODUCT FEATURES

- ◆ Light Sources: can meet the international standard of ISO 3664
Color temperature type: D50(5000K) or D65(6500K)
Lamps type: equipped with special Graphic lamps for import printing machine
Color-rendering index: CRI=98
Number of tubes: 36W*4pcs(with timer)
- ◆ Material: fine made with metal material
Worktable material: metal plate desk, firm& durable
Operation desk: is incorporated with an intake ramp designed to meet the human visual observation
Hanging light sources: aluminium alloy stuff and streamline from design, fashion, style. Import reflector, uniform light cover will ensure the illuminating uniformity
- ◆ Size: large size is easy to use.

APPLICATION INDUSTRY

CC120 series color viewer station is equipped with frequently-used light sources in printing industry, can meet the needs of ISO 3664:2009. It is also widely used for color checking in the field of printing and dyeing, textiles, plastics, hardware etc, which will provide standard environment for quality checking in the process of sample comparison, production, quality inspection, acceptance etc. That is to say, it can help user improve the product quality and market competition.

PRODUCT SPECIFICATIONS

Lamps	Color Temperature	Power
D65	6500K	36W
D50	5000K	36W
TL84	4000K	18W
Basic Parameters		
Power Supply	AC220V 50HZ	
Workable size	1350*900(L*W)	
Vertical size	1350*2174(L*W)	
External size	1350*900*217(L*W*H)	
Drawer Height(mm)	120*3 pcs
